A FAREWELL MESSAGE

DOSHISHA UNIVERSITY RUGBY TOURING TEAM

* * * * * * * * * * *

At this time of our departure I am most grateful for having been given this opportunity to express a few of my feelings on this tour which we have so much enjoyed.

I would first of all like to thank the Canterbury University Rugby Club for the effort and work they have put in to make this tour possible. We also wish to express our sincere appreciation to all the other host clubs and unions who went out of their way to make our trip so pleasant and enjoyable.

As far as the rugby is concerned we have thoroughly enjoyed all the games played. Although our losses out-number our wins we feel we have accomplished our mission.

We have learnt a lot and we hope to take back with us various new techniques and tactics which will be most valuable in the development of Rugby in Japan. We know now we still have far to go to reach your International standard but the achievement of this standard is our final goal and we will keep on trying until we attain it.

Not withstanding our losses I know we have found many friends and I feel the Rugby has been the real winner. It is wonderful to know what Rugby can do to enhance the friendship and goodwill between the youth of our two countries and we are happy to feel we have at least accomplished something in this field.

In closing I thank you again for the most overwhelming hospitality extended to our team.

Shiggy Konno,

MANAGER.

SAYONARA

On behalf of the University of Canterbury Rugby Club I wish to thank all those people who have worked towards the undoubted success of this tour by Doshisha University.

Especially, I would like to thank the members of my committee, Dick Hockley, Tom Moynihan, Laurie O'Reilly, Sam Leary, Pat Perry, Brian Weenink and Lindsay Taiaroa, who have devoted so much time in organising the tour.

I would extend to all those who billetted players and who were responsible for their entertainment, the Club's sincere gratitude.

The Club wishes also to acknowledge the support that has been given throughout by the Canterbury Rugby Union.

Finally the Club thanks the Canterbury Rugby public for its support and for the enthusiastic reception it has given to the Doshisha team.

The Club congratulates Doshisha on its fast and brilliant play and its tenacity against weight and height disadvantages. Japanese Rugby will be identified by these characteristics in the future. Japan has now established itself on the international rugby scene.

The Doshisha team came to learn and to see what level it had achieved. From this point of view it will have succeeded. More important it has been an outstanding success in the sphere of international goodwill. I hope this reciprocal tour will be followed by more tours in the future.

In bidding Sayonara (Farewell) to Doshisha, I can offer no greater congratulations than to say -

"In coming to learn from us, Rugby in New Zealand has benefitted from your style and sportsmanship."

Club Captain
UNIVERSITY OF CANTERBURY RUGBY CLUB.
